BACKGROUND OF THE ENTITY:

Karongwe Rarewood Furniture is a South African, solid wood furniture, design and manufacturing company. Karongwe has been crafting solid wood furniture since 1997.

We offer superior designed solid wood furniture made from local and imported hardwoods. Using classic joining methods, the entire piece is made from the same species of timber and no substitute material is used. Each piece is hand sanded to a fine finish and sealed with either a clear lacquer, Danish Oil or Rubio Monocoat finish.

From the Kiln drying of our own timber to the delivery of the final product every aspect is managed in house.

Our clients include, but are not limited to decorators, architects, hospitality, restaurants, corporate and also private individuals. Our solid wood furniture is exported worldwide.

OWNERSHIP:

Karongwe is owned by Mr. JM Roets and Mr. DT Roets.
